• Highly compressed EVA-LUTION grip hose helps fill the glove for better punch formation and snug fit

• These hand-made gloves are layered with multiple sheets of gel-integrated padding that expertly absorb and disperse the blunt impact across the surface of the glove. This protects the hand from excess force, without minimizing the impact of your punch.

• Breathable palm helps to keep the hand ventilated, cool and encourages hygiene. Prevent fungal infections as well as fights offensive odors and bacterial growth.

• S.P.P. Ventilation with two strategically placed perforations ensure a steady stream of cool air to the thumb to prevent overheating.
